Rinker 17QX

Boat Type: Ski and Wakeboard Boat

OVERVIEW

17QX OB

The newest addition to the QX Models of sport boats continues the Rinker tradition of exceeding expectations, now delivering performance and comfort in a compact package. A new running surface, designed from the water up, allows the 17QX to cut through the water with your choice of an efficient 90 horsepower package or the increased performance of an 115 horsepower package. Either way, family fun on the water now comes in an accessible, yet value packed platform, the 17QX. It is available in either a full windshield version or a dual console windscreen configuration.
