Rossiter 20 Coastal Cruiser

Boat Type: Cruiser

OVERVIEW

Rossiter 20' Coastal Cruiser

Whether you're looking to cruise the shores of one of our many waterways, oceans or lakes, the new Rossiter 20' offers you the renowned big water performance of a Rossiter combining practicality, beauty, comfort and efficiency. With a spacious cockpit, robust storage, and comfortable seating, there is ample room for nine friends to sit or lounge, while still offering plenty of room to stow your excess gear. And with 150-200 horses on the transom, like all Rossiters, you'll get acceleration with little effort or bow rise so you can pull a tube or skier with ease, cruise for hours without emptying the tank, and get home in a hurry with confidence, when you need to.

Building on the Rossiter tradition of comfort and practicality, the Rossiter 20 includes some exciting new features to enhance your boating enjoyment from stem to stern. Starting at the helm, you will find a roomy double wide bench seat with flip-up bolster that allows you to teach little ones to drive in comfort while sitting right beside them. Or should you prefer to drive with the wind in your hair there is ample room to stand at the helm. The ergonomically designed dash also puts everything you need within reach, and accommodates an 11" screen making navigating new waterways that much easier.

If you're planning a day on the water with friends or a trip to the islands or beach, the removable lounge seats allow your guests to face forward or aft with their feet up and enjoy the views as you cruise around in comfort. And if you wish to serve up some drinks and food, the removable teak table is a nice option to round out the experience. Once moored, you can also choose to deploy the 4-rung transom ladder on the swim deck and grab an anchor from the conveniently located locker on the port side swim deck, or if you prefer to step off the bow, the Rossiter 20 also offers an optional concealed boarding ladder in the anchor locker that folds out and deploys over the bow.

If water sports are a priority, rest assured they have not been forgotten as the Rossiter 20 offers an optional pop-up ski tow, in-floor ski locker, and ample storage room below deck for more water toys. And if you wish to do a little fishing, rod holders can be added along with an optional Rossiter Bait Station which can be secured to the aft swim deck when needed.

Turning to below deck, if nature calls, an optional porta-potti is available for such emergencies and can be covered by the aft cockpit lounge cushion when not needed.

At the end of the day, as with all Rossiters, this new Rossiter 20 Coastal Cruiser will be built to the highest of standards, fit and finish, is self-bailing and unsinkable, and will offer years of boating memories for generations to come, backed by our Limited Lifetime Warranty. After all, it isn't just any powerboat, it's a Rossiter.
