Viking 44 Open Bridge Convertible

Boat Type: Sport Fishing

OVERVIEW

The new Viking 44 Convertible uses the same proprietary running surface as the Viking 44 Open, giving her the high performance of a Viking express fishing boat, and the stylish deckhouse, expansive salon and luxurious accommodations of a Viking convertible.

She's a comfortable, capable tournament contender with the largest flying bridge in her class, equally capable of running fast to the canyons on gnarly Northeastern weather days or blasting over to the Bahamas in 90-degree heat. Captains will appreciate the 360-degree visibility of the 44's center console walk-around helm. Surrounded by comfortable seating, the helmsman can enjoy conversations with guests while operating the boat from an autonomous command center.

You'll have 119 square feet of battleground in a cockpit that's armed with an arsenal of standard equipment such as flush rod holders, fresh and salt water wash down systems, a transom live well and a transom door with lift gate, tackle stowage, step-box cooler and an in-deck fish and a stowage well.

The Viking 44C will debut in February 2018.
