Scout 231 XS

Boat Type: Bay Boat

OVERVIEW

The 231 XS is our second XS model and compliments the already popular 251 XS. This model was created to be the best inshore / bay boat model in its class, and it's just that...a hardcore fishing machine with performance that's unmatched. Smartly designed and packed with our innovation, this model has all the characteristics of a serious bay boat, as well as a proud bow and sexy, aggressive lines. Underneath is a high performance stepped hull, and with a 300 HP engine we achieve speeds in the mid 60's.
