

Yellowfin 24 Bay CE

Boat Type: Sport Fishing

OVERVIEW

THE YELLOWFIN 24 BAY CARBON ELITE SETS THE BAR HIGHER THAN ANY OTHER BAY BOAT BRAND.

Yellowfin once again pushes the envelope of technology by introducing a carbon fiber weave which was specifically engineered for the 24 and the combination of 100 percent vinyl ester resin and resin infusion, we were able to reduce the weight by 25 percent. This reduction gives us a shallower draft, better fuel economy, and a faster top end.

Our customers asked for it, and we delivered. An all new layout with a built-in fish box/cooler and a forward step up to the front deck enabling anglers easy access. With individual, spacious, storage lockers to store gear you can easily put all your tackle away. An all new ergonomically flowing console, providing room for 2 12 inch screens and a more spacious aft cockpit.

Is this your dream boat? You bet it is.

SPECIFICATIONS
