# War Eagle 754LDSV

Boat Type: Jon Boat

## OVERVIEW

War Eagle model 754 is a popular side console model. The 754 is one of our most versatile models and is available with storage for both hunting and fishing equipment. The 754 is available with a low front casting deck in the LDSV model, or with a high front casting deck in the DSV model. The 754LDSV comes with a 12°V hull for a softer ride. Even though this boat is rated for up to a 90HP motor, it is one of the best performing boats with mid range horsepower (40-75). The 754LDSV is small enough to get you into the backwaters but it is also large enough and stable enough to get you into larger lakes and rivers.

## SPECIFICATIONS
