War Eagle 961 Blackhawk

Boat Type: Aluminum Fish Boat

OVERVIEW

The 961 Blackhawk is built on an 18°V hull that creates a smoother ride even in choppy water. This boat, along with the wings transom, has a reverse chine giving it exceptional cornering ability. The 961 Blackhawk is a great performing boat with a variety of motor sizes. It is available in either center or side console, with or without live well, and with varying standard equipment.

*The center console model rates for 115HP

**The side console model rates for 150HP
