Pathfinder 2400 TRS

Boat Type: Sport Fishing

OVERVIEW

Huge versatility in a manageable package.

Take the best features across the whole Pathfinder line-up, add in some new ones and then mold them all together; the result is the new Pathfinder 2400 TRS. Higher sides, a deeper cockpit and added width gunwale to gunwale make the 2400 TRS the roomiest big water Pathfinder yet. Standard highlights include walk around gunwales, under gunwale rod storage for rods up to 9.5', a stepped forward deck with added storage that can double as a fish box and integrated aft deck seats. The raised console with toe kick offers an integrated foot pod with lockable glove box and on the front side has an access door and interior tackle tray system that can be removed to allow for easy access to the helm area.

Though the 2400 TRS is loaded with advanced fishing features and practical touches, it has plenty of style. Blue-hued LED interior illumination throughout, including in the storage compartments, matches up to a fiber optic switch panel with back-lighted blue labeling and lighted switch tips. Stylish options include two-toned cushions, powder coating packages and a weblon t-top.

The 2400 TRS – another Pathfinder that shows why everything else is just a bay boat.
