

2018 War Eagle 761 Renegade

Boat Type: Aluminum Fish Boat

OVERVIEW

The 761 Renegade is built on an 18°V and with the bass fisherman in mind. This wide body 17'6" (one of the widest on the market) offers all the stability and maneuverability you desire. The front and rear high decks are ideal for you and your buddy to pitch and flip from, while the compact length helps you work around those docks. The Renegade is loaded with standard equipment and looks great on the water. It offers excellent handling, great hole shot and a superior ride. This model is a favorite of Wal Mart pro-angler Mark Rose.
