FEATURES

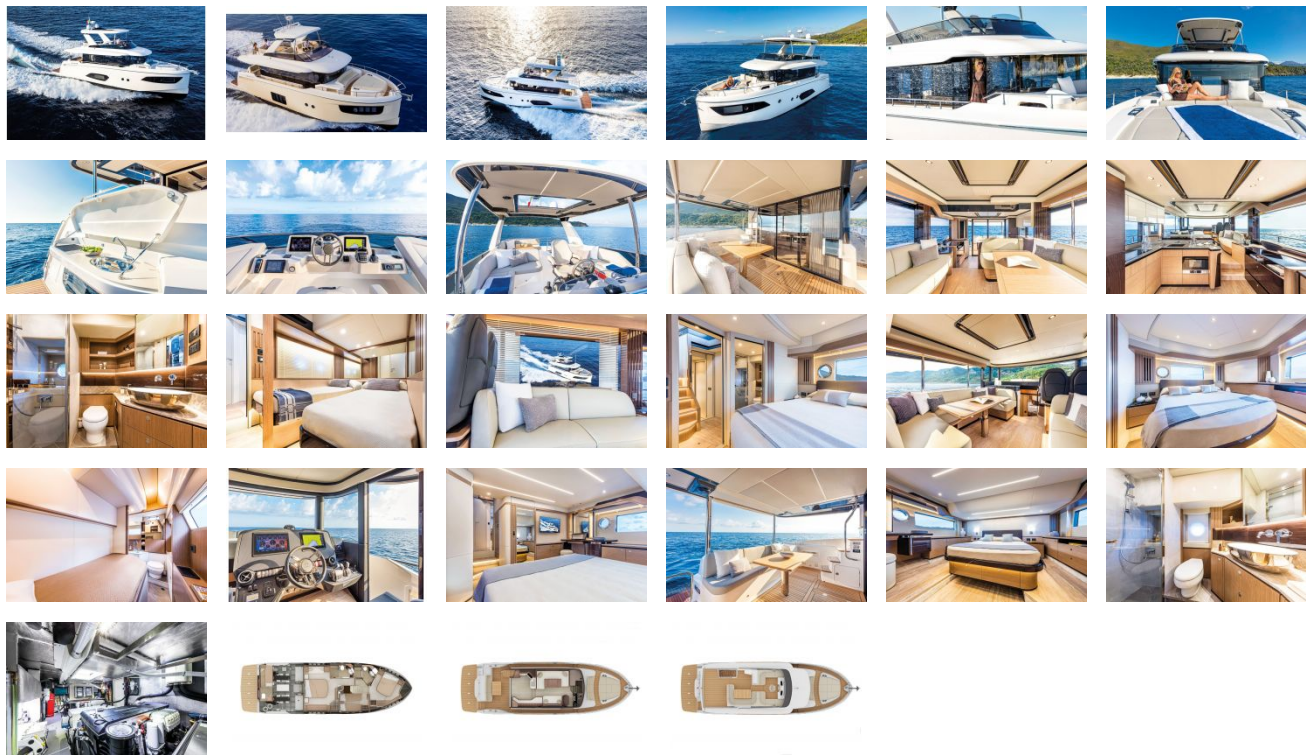

ELEGANCE AND FUNCTIONALITY

This planing Navetta is characterized by her robust but harmonious appearance, with a very large upper deck and wide glass windows. Inside the main living room, you can experience a 360-degree view and enjoy much higher livability than on similar-size boats.

The steering position is ergonomic, panoramic, with a leather-covered steering wheel, and the possibility of having two driving seats. EmpirBus automation technology is integrated into the dashboard, directly accessible from the bridge.

The lower deck accommodates three cabins—two doubles and one twin—and two bathrooms. Moreover, the cabin for the crew can be equipped with a bed and a bathroom and it is accessible from the stern platform.
