ENGINEERING OF BEAUTY

The fly astonishes for its dimensions: a 55 meters floor area, with helm station at flybridge bow, an elegant wet-bar place in face of a dining area and sofas that characterize the style. **On the main deck, the sight has no obstacles;** it extends easily from the helm, beyond the salon and right to the cockpit. Impressive windows of vertical size let the sea horizon be the main protagonist.

Featuring precious natural materials like wood, crystal, leather, the Calacatta marble and the Murano glass, together with innovative solutions and high-quality design furniture, **the four guests’ cabins are a celebration of Italian style,** offering the allure of cozy interiors and the great sophistication of sober taste. The Master cabin at bow, with its unique sea-landscape, is a guarantee of relaxation and peace; while the double guest cabin and the two Vip Cabins, allow their 8 guests to **live in elegance and highest comfort.**
