Beneteau Swift Trawler 30

Boat Type: Trawler

OVERVIEW

Unreserved and stylish, the Swift Trawler 30's contemporary, yet taut lines distinguish her from the rest. Designed for travelling long distances as much as for enjoying anchorages and stopovers, her open layout is wonderful for any voyage. Incredibly ingenious, the rear cockpit converts into a spacious terrace over the sea, while the flybridge, with a small lounge and steering station, creates a completely separate living space.

Built with multiple modular fittings, the Swift Trawler 30 provides ample space and light to create a comfortable lifestyle onboard. She can be adapted to all crew configurations thanks to foldaway seats, a convertible sofa, and cleverly designed table that slides beneath the seats to free-up space in the reception area.
