Axopar 24 Open

Boat Type: Center Console

OVERVIEW

SPORTY AND DISTINCTIVE IDEAL FOR A WIDE VARIETY OF ACTIVITIES

Marking the start of competitively priced boating for many people, the Axopar 24 Open offers more style, more comfort and better use of inside space than an equivalent length RIB or comparable bowrider could ever hope for.

Perfect for those who might be entirely new to boating, the Axopar 24 Open is an un-intimidating boat that anyone with or without previous boating experience, can jump straight in and drive away, almost as if they were driving a normal family car.

For a wonderful sense of freedom and that 'wind in your hair' feeling, the Axopar 24 Open is all about enjoying the good times with family and friends.

There's enough room for up to eight people to discover hidden bays and explore fascinating islands and unspoilt coastlines. The seating areas are divided into two parts: firstly, there's dedicated seating for five people in two rows within the cockpit, plus a further three people can sit comfortably together around a table in the foredeck area.

The cockpit seats are comfortable and supportive, the two front seats having additional flip-up front bolsters that provide extra support when standing. These front seats also swivel so that all five seats can face each other around a sociable centrally accessed table.

The foredeck table can be lowered and when the space is infilled with optionally available cushions, this area is transformed in to a chic sunbathing area.

The dual-consoles with soft-touch painted dashboard, illuminated switches and leather covered steering wheel, lead through to the front part of the cockpit where two adult-size sofas tucked underneath the side coamings, act as comfortable beds for when on odd occasions, two of you might decide to stay onboard overnight. There's even space available for an optional flushing toilet to be added here as well, and if you specify the fully-enclosed, removable canvas canopy option, then your impromptu overnight accommodation option will forever be assured.

While it stands to reason aft-deck space on the 24 is not as plentiful as for the equivalent Axopar 28 Open, there are still two useful swim-platforms, one either side of the outboard engine, and an obligatory telescopic bathing ladder.

SPECIFICATIONS

Basic Information

Manufacturer:	Axopar	Boat Type:	Center Console
Model:	24 Open	Hull Material:	
Year:	2019	Hull Type:	
Category:	Power		

Dimensions & Weight

Length:	24.00 ft	Draft - max:	2 ft 4 in - 0.71 meter
LOA:	24 ft 11 in - 7.6 meter	Bridge Clearance:	-
