FEATURES

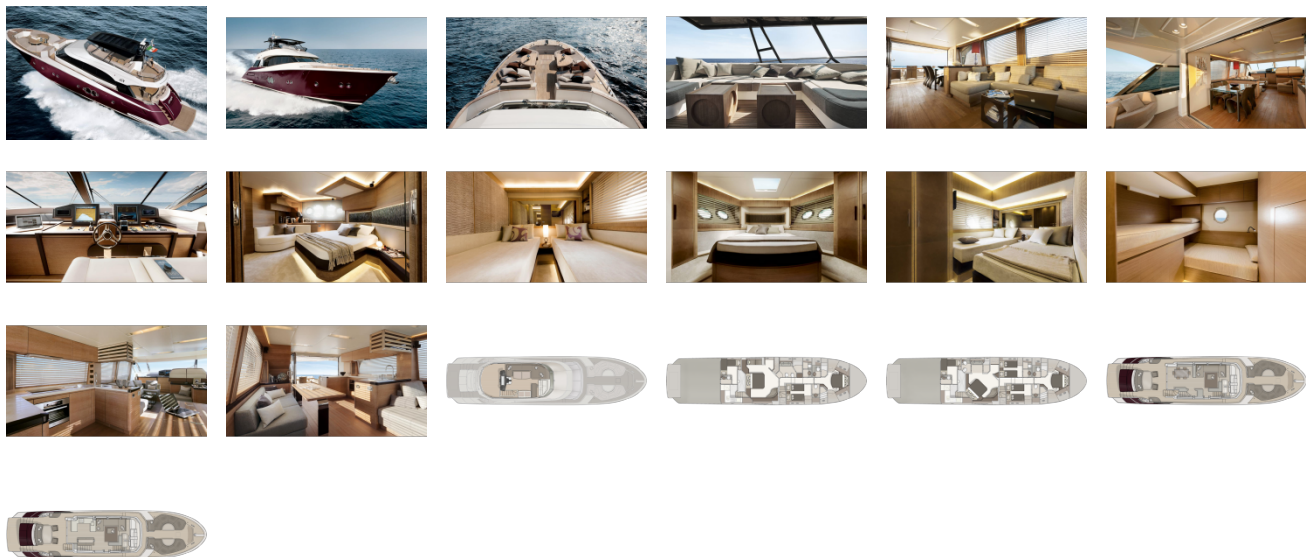

Design Traits

The naval design that the MCY 76 introduced to the world and has become a defining trait of Monte Carlo Yachts is unmistakably refined and contemporary elegant and makes no concession to nostalgic retro fancies or aerodynamic excesses. Our signature style is evident both in the overall line of each boat with their iconic profile and the pulpit-less high flared bow, and in the details,like the original touch given to the portholes by reinterpreting the classic bull's eye.

Aesthetics

Like all Monte Carlo Yachts, the MCY 76’s interiors are the result of a masterful blend of aesthetic design considerations and smart, cutting-edge production resulting. Whatever the layout selected by the owner one thing remains the same, the beautifully appointed spaces are designed for comfort and the spaces are large, almost incredibly so for boats in this size category.
