Southport Southport 33 DC

Boat Type: Dual Console

OVERVIEW

33 DC Overview

The Southport 33 Dual Console is designed on the proven platform of the Southport 33 with the added amenities for the owner whose focus is family cruising and entertainment. The DC remains true to the fishing DNA heritage of Southport and she delivers the exceptionally dry, safe and economical performance of much larger cruisers. Enjoy a day of relaxing, swimming viewing the sunset, or make a longer trip to a favorite island with no worries about the ride home, even when the ocean turns angry.

Seating for Everyone

Enjoy the wind in your face riding in the safety of the deep forward cockpit of the Southport 33 DC, the quiet comfort of the raised Co-Pilot lounge (with fore and aft facing backrests, storage and charging for cellphone and tablets, and a space for a separate GPS screen just for the Co-Pilot), or ride in the L-Shaped Aft Cockpit Lounge in comfort.

Protection from the Elements

The fully enclosed helm area of the 33 DC give everyone aboard the ability to escape the weather- either rain or cool autumn temps, or the heat of the summer sun when equipped with optional Air Conditioning. The standard Power Retractable Sunroof with Retractable Sunshade allow the helmsman fresh air and as much (or little) sun as desired.

Stay-Aboard Comfort

With a spacious head compartment that is uniquely separated from the port-side cabin, the 33 Dual Console provides stay-aboard comfort for cruising, or privacy and a quiet place to relax on day trips.

SPECIFICATIONS

Basic Information

Manufacturer:	Southport	Boat Type:	Dual Console
