2018 Hanse 505

Boat Type: Cruiser

OVERVIEW

Boasting the same sleek lines as her bigger sister the 505 also has twin navigation pedestals at the helm positions and a huge cockpit.

Down below is bathed with light thanks to plenty of opening hatches and windows and as with all Hanse models you have a huge choice of interior layouts and finishes.

Under the skin is where Hanse excel and the 505 enjoys the engineering excellence developed for the Flagship 630e. A huge composite subframe system ties the keel and rig loads together whilst structural bulkheads further stiffen the hand built vinylester resin hull form.

All Hanses are built to order and with the vast range of customisation options it really will built to your individual specification.

SPECIFICATIONS

Basic Information
