

# Sanlorenzo 44 Alloy E Motion

Boat Type: Mega Yacht

## OVERVIEW

The 44 Alloy is a full aluminium fast displacement yacht boasting a very innovative layout offering solutions previously unseen on a yacht this size. A large beach club opening on 3 sides enables full connection with the sea, whilst the fore deck area opens up a world of possibilities. Ample internal volumes are elegantly disguised in the flowing lines characteristic of Sanlorenzo designs.

Sanlorenzo's new E-Motion technology allows this yacht to be propelled by a full Diesel Electric power source combining variable speed generators with lithium batteries and a cutting-edge power management software. This allows the yacht to function in greater silence, freeing up valuable space, and enables the yacht to visit areas previously inaccessible as a result of environmental regulations.

## SPECIFICATIONS

### Basic Information

Manufacturer:	Sanlorenzo	Boat Type:	Mega Yacht
Model:	44 Alloy E Motion	Hull Material:	
Year:	2018	Hull Type:	
Category:	Power
