Steiger Craft 31 DV Miami

Boat Type: Pilothouse

OVERVIEW

The 31 Miami is without a doubt the most off-shore ready fishing and family friendly Pilot House vessel on the market today.

Our already biggest in its class cockpit got even bigger. An integrated half-wall separates the Pilot House Helm area from the cockpit, further protecting captain and crew from the elements, while adding a large port-side lounge with a complete built-in tackle center below. The 31 Miami's helm features trim tab controls and large mounting space for today's "super-sized" electronic displays. Aft of the deluxe captains chair is the optional refrigerator.

The gigantic 84 sq. ft. cockpit includes a large in-deck fish locker (120 Gal) and a 100 Gal in-deck livewell, over-head rocket launchers, recessed gunnel weight draws and rod storage.

The 31 Miami's spacious cabin features enclosed head with porcelain toilet, large V-Berth, and stainless sink and counter space, as well as ample storage throughout. Air Conditioning/Heat with Shore Power/Inverter makes the cabin even more comfortable for overnight stays.

The Steiger 31 Miami features a 10 ft beam with a 22 degree deep-v deadrise. It's the perfect size for taking down even the largest fish in any sea conditions, while offering excellent performance with efficient twin 300 HP power (350 twin optional). A 300 Gallon fuel capacity gives the 31 a "canyon ready" 400+ mile range.

The 31 Miami's hull is all hand laid fiberglass, built around an indestructible "I-Beam" grid system that offers durability and a ridged core that reduces flex even under the roughest conditions. At Steiger Craft we build boats with the confidence that they will last a life-time, and we back it up with a Lifetime Hull Guarantee.

SPECIFICATIONS

Basic Information

Manufacturer:	Steiger Craft	Boat Type:	Pilothouse
Model:	31 DV Miami	Hull Material:	
Year:	2019	Hull Type:	
Category:	Power
