Steiger Craft 23 DV Block Island

Boat Type: Pilothouse

OVERVIEW

Our 23 Block Island is the perfect example of form meeting function. Beautiful lines, elegantly set-off by a solid teak windshield that encase the helm in a comfortable area for captain and crew. A large couch to port, aft facing bench seat, and full fold-down transom seat offers plenty of comfort while underway, or dock-side. The 23 Block island offers a well designed cockpit with ample seating, and forward opening glass windows. Color-coordinated Sunbrella canvas Bimini top, with removable front and side windows. Below decks is a roomie cabin with V-Berth, head, and opening port holes.

But we have not forgotten our fishing boat heritage: above deck 40 gal circulating live-well in the stern, and gigantic cockpit, ample rod storage and holders transform this classic into a sturdy fishing platform. The 19 Degree deadrise also provides a deep-vee ride and stable platform while drifting.

The Steiger 23 Block Island is constructed of hand laid fiberglass coupled with our exclusive I-Beam grid system technology, offering durability and a rigid structure that can withstand any sea conditions.

We've re-designed the stern section of the 23 Block Island to include a 40-gallon circulating live well that also

doubles as a great storage area or as a gigantic cooler. This also has given the option for a drop down transom seat, which seats 3 comfortable.

The 23 Block Island is also a great performer...the standard 250 HP 4-stroke offers 32 MPH cruise while burning only 2.45 MGP, for more than 300 mil range, with a top end of 44 MPH.

SPECIFICATIONS

Basic Information

Manufacturer:	Steiger Craft	Boat Type:	Pilothouse
Model:	23 DV Block Island	Hull Material:	
Year:	2018	Hull Type:	
Category:	Power
