Beneteau Barracuda 9

Boat Type: Sport Fishing

OVERVIEW

A culmination of unrivalled expertise in comfortable sport fishing, the flagship of the range also lends itself to safe and enjoyable 'smart commuting'.

With its 4-seat forward lounge, large walkways and protective pulpits, the Barracuda 9 delivers both safety and comfort. Her panelled freeboards promise comfort during fishing trips, while a starboard side access gate makes drawing alongside and climbing aboard easier. With the latest Airstep® hull, the Barracuda 9 is as comfortable to live aboard as it is easy to handle. Powered by two engines delivering up to 500 hp, two fuel tanks are available (106 or 158 US Gallon). You can confidently put out to sea with up to 10 people on board (Category B6/C10).

To the rear of the pilothouse, a large full-beam glass door provides good ventilation. The saloon is cleverly positioned lengthwise to offer facing seats, making movement inside easier. The galley is equipped with a large capacity refrigerator. The helm station has a two-seater bench and a large control panel that can house two screens. The door closing off the cabins provides safety for the co-pilot and separates the pilothouse from the other spaces. For enjoyable nights on board, the lower deck has a large cabin and a shower room, as well as a mid-cabin that can be used either as stowage space or for an extra double berth.

SPECIFICATIONS

Basic Information

Manufacturer:	Beneteau	Boat Type:	Sport Fishing
Model:	Barracuda 9	Hull Material:	Fiberglass
Year:	2021	Hull Type:	Modified Vee
Category:	Power
