Vanquish 23 Center Console

Boat Type: Center Console

OVERVIEW

23 BRISTOL HARBOR SERIES CENTER CONSOLE

The Bristol Harbor Series - 23 Center Console is constructed with many of the quality materials found in larger Vanquish models. This sister craft offers stunning good looks on a super-durable Vinyl-Ester Epoxy Resin hull skin that is foam filled and resin sealed to make all Bristol Harbors Series unsinkable! A precisely balanced variable deadrise hull is stable at rest yet dry and comfortable in chop. Based off of the very popular 21 Center Console, the 23CC has all the features that make the boat a superb package for both cruising and fishing. This Bristol Harbor Series features a stainless steel rub rail with molded Diamond Non-Skid throughout keeping the angler sure on his feet and the gentleman cruiser and his crew safe when boarding and exiting. Standard features include an insulated live well, and a fiberglass leaning post with a custom seat that hides an integrated cooler. Fold down the full beam rear bench seat to access the expansive swim platform.

SPECIFICATIONS
