Princess Y95

Boat Type: Motor Yacht

OVERVIEW

The flagship of our Y Class range – the all-new Y95, has been crafted with an emphasis on performance and inspired styling. With the latest hull form and an efficient wave-piercing bow, she will provide class-leading seakeeping, reaching speeds up to 26 knots. With a spacious garage and transformer bathing platform and the option of a beach club, your maximum enjoyment of time on the water is assured. Her evolved exterior styling features the longest and most expansive hull windows ever installed on a Princess yacht, whilst her spacious indoor and outdoor living spaces are comparable to those of larger craft.

Configurable layout options throughout and a new interior design language await, with the guidance of your own Princess Design Consultant to assist with defining your vision. With an interior volume comparable to a Princess M Class, her main deck features a full beam master stateroom with skylights and is complemented by a further four wellappointed en suite guest cabins. Her generous crew accommodation includes an en suite Captain's cabin with double bed.
