Back Cove 390

Boat Type: Downeast

OVERVIEW

Back Cove Yachts presents a new outboard-powered model: the Back Cove 390.

Her cockpit is a fun and relaxing space with transom gates to port and starboard, a U-shaped settee across from an aft-facing seat, and a central table for al fresco dining and entertaining. Expansive storage below the cockpit is easily accessed through a large actuated hatch, and provides generous accommodations for all of your water toys and gear.

The 390 offers a hard back for a fully enclosed helm deck; a unique design in this segment, which allows for climate-controlled comfort and an extended boating season with optimal protection from the elements. Her indoor

social spaces keep everyone connected, featuring a galley up design and side-by-side captain and mate seats opposite a comfortable U-shaped settee. The result is a perfect space where the crew can enjoy a meal, or lounge while staying out of the sun or the rain.

Below deck, owners and guests can relax in the privacy of a lower lounge and stream a favorite program to the Smart TV. The spacious owners' cabin forward offers a queen-sized island berth and private access to the head and shower. For the crew, two single beds in the guest cabin are secluded, well proportioned, and comfortable.

She will have a 300 mile+ range at cruise, and a top-end speed of 37-knots with twin Yamaha 425hp outboards. Optional power installations, currently being finalized, will provide top-end speeds in the 40+ knot range. The 390 hull design will feature Back Cove's proprietary Trailing Edge Lifting Surface (TRELIS) *D* for optimal handling and performance.

Tooling work is already underway and the first Back Cove 390 will launch late summer of 2020. Her official debut will take place at the 2020 fall boat shows from Newport to Ft Lauderdale.

SPECIFICATIONS

Basic Information

Manufacturer:	Back Cove	Boat Type:	Downeast
