Sabre 43 Salon Express

Boat Type: Motor Yacht

OVERVIEW

The Sabre 43 is a blank-sheet design that remains true to her Downeast heritage without stinting on modernization and innovation. She boasts a sleek new mast design, expansive fixed-glazed windows, and sloping deck rails, all of which contribute to her striking nouveau-vintage silhouette. Owners will appreciate her contemporary Downeast proportions, with sweeping lines and fresh angles contained in a vessel that, nevertheless, remains recognizably a Sabre.

Beneath her classic appearance, owners will discover the technology and features of a much larger yacht. The new 43 Salon Express will be the first full-network Sabre below 58-feet. As a result, owners can not only check critical functions and control any circuit on the boat from either the helm MFDs or iPad mini but also control the “mode of operation” or “scene” – setting the lighting and circuit configuration of the boat with the simple touch of a button. Remote access to these components, as well as GPS monitoring, geofencing, trip logging, and NMEA 2000-based alarms, are available via cell phone through the included Sentinel Telematics feature.

Highlights include a spacious salon with two banks of seating over six feet in length and a half-up galley that incorporates all the amenities of a modern kitchen without wasting an inch of precious storage volume. Below deck, a versatile hybrid lounge functions as guest berth, private retreat, or home office, depending on her owners’ needs.

Her master stateroom is iconic Sabre, featuring an island berth and numerous storage compartments, all in warm American cherry. Finally, an adaptable utility room beneath the salon sole provides space for various supplemental storage and appliance solutions, including a side-by-side washer and dryer, wine cooler, or storage lockers.

SPECIFICATIONS
