Southport Southport 272 FE

Boat Type: Center Console

OVERVIEW

Exceptional Design and Unmatched Performance!

The Southport 272 is the perfect combination of Southport's exceptional ride, stability, and performance. The carefully-engineered package of features includes a spacious cockpit and generous seating for the family, the fishing crew, or both. Fish offshore in the morning, cruise with the family in the afternoon, and easily rinse and trailer her home before dark.

The striking lines of the Southport 272 are instantly recognizable from any distance. Be the most talked about boat in your harbor. A graceful Carolina bow with generous flare, aggressive forward rake and subtle tumblehome at the transom combine to make the Southport 272 an iconically beautiful boat.

Unlike many other Deep-V hulls, the classic Southport hull is steady at rest. The variable deadrise of the Deep-V Southport hull, slices through waves with little commotion, And, the Carolina Flare tosses spray back into the ocean where it belongs. Graceful and nimble, the 272 combines the best of both worlds: classic Southport versatility,

stability, and style with excellent all-around value.

Southport 272 Family Edition (FE) Or perhaps the ideal day on the water has nothing to do with heading offshore and it would rather be spent running out to a nearby island or to a quiet harbor for a cruise with family and friends. The Southport 272 FE, with forward seating and optional sunpad, is ideally suited for those days where the only goal is to relax and enjoy a peaceful day on the water.

Graceful and nimble, the 272 combines the best of both worlds: classic Southport versatility, stability, and style with excellent all-around value.

SPECIFICATIONS

Basic Information
