

 **Hallberg-Rassy**

The all-new Hallberg-Rassy 372

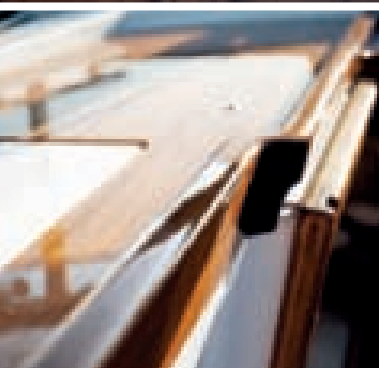

Both the halyard lines and the optional electric winch motors are well hidden and do not interfere with the interior space

Five flush mounted skylights

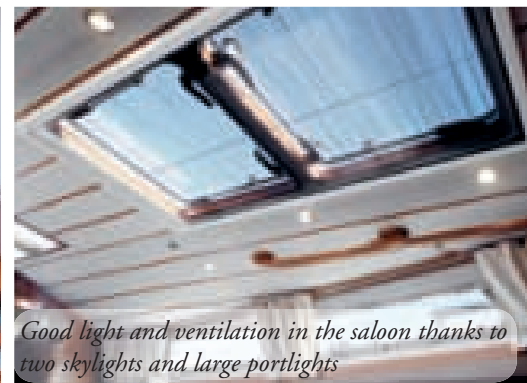

Easy passage on deck thanks to separated top shrouds and lower shrouds

 Hallberg-Rassy

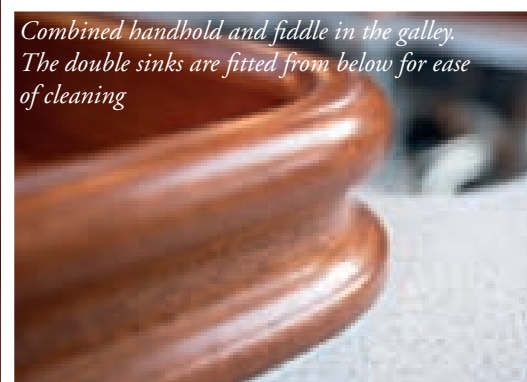

The generous forward cabin has two vanities, two hanging lockers, a seat, large floor area as well as vast storage below and above the wide berth

Good light and ventilation in the saloon thanks to two skylights and large portlights

The door locks are especially designed for Hallberg-Rassy; big enough, doesn't catch a pocket, locking from one side, and anti-rattling

Combined handhold and fiddle in the galley. The double sinks are fitted from below for ease of cleaning

The aft cabin has a wide double berth, a vanity, a good size hanging locker, an opening side window and an opening skylight with milk coloured glass to allow light but no view into the cabin

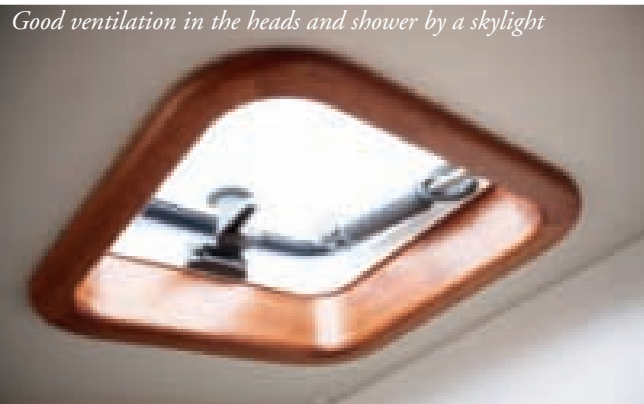

The heads have a separate shower with plexi glass door

The saloon seen from the forward cabin

Good ventilation in the heads and shower by a skylight

A vanity shelf in the aft cabin

The optional pull out freezer in the galley

The inboard side of the chart table has a deep fiddle to retain rolling pencils and rubbers, while the after edge, where the navigator rests his elbows, has no fiddle. The seat is nicely dished and there is a useful bin on his right hand

The seagoing galley has a PlexiCore composite stone worktop fitted as standard

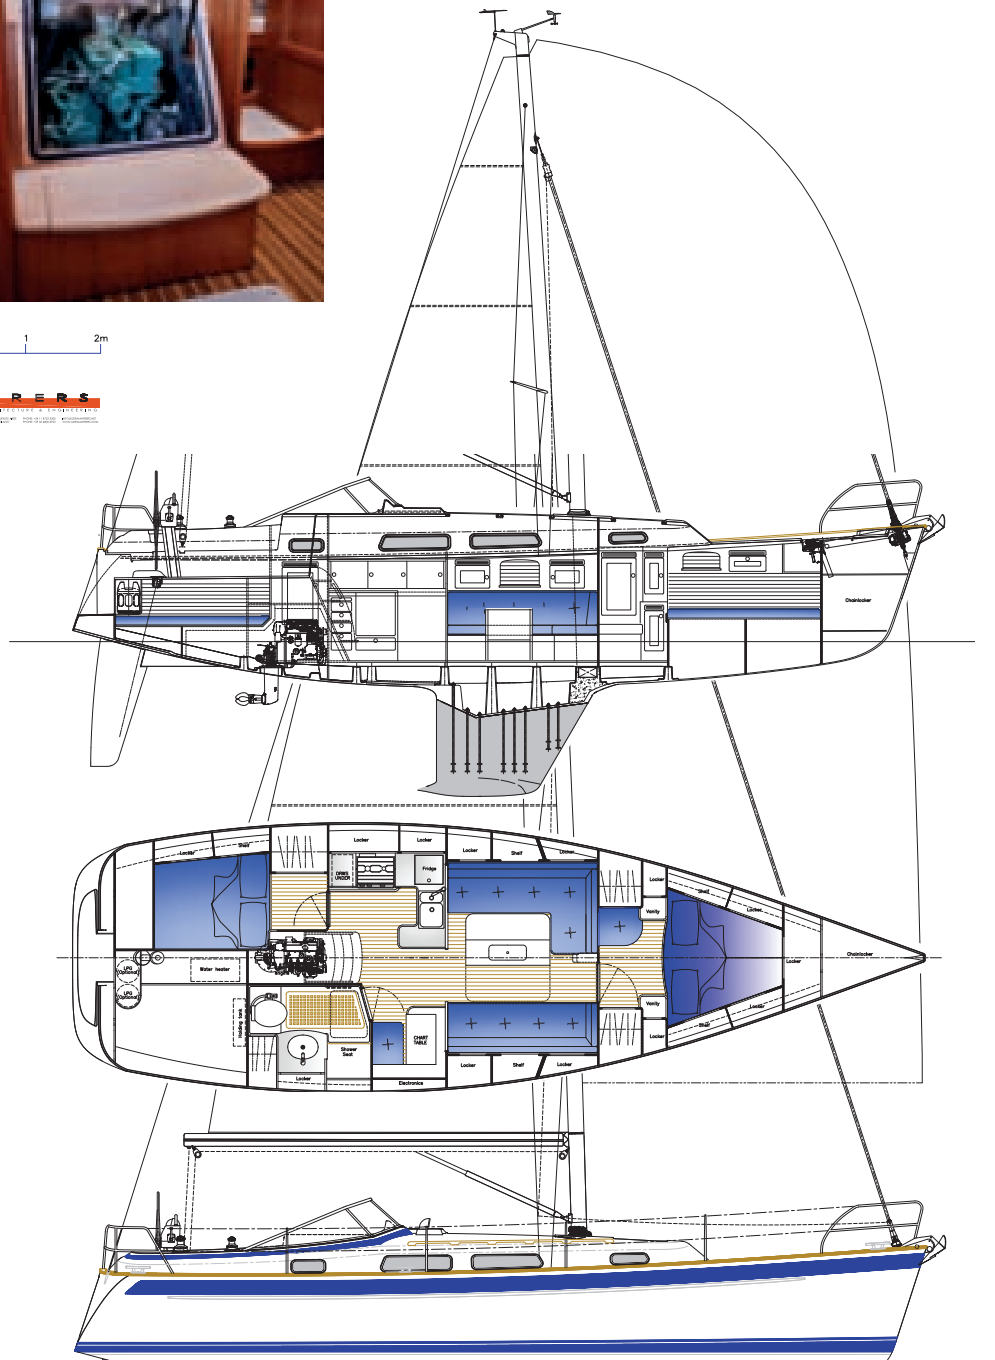

Photos show extra equipment. For more details please ask for our special Hallberg-Rassy 372 Standard Specification. For more photos, please see www.hallberg-rassy.com
